

**THE HORSE NULLIFIER.**  
WILL Stand the ensuing Season at Thirty Dollars the Season, Twenty Dollars the single leap, and Fifty Dollars insurance, at the plantation of Captain William B. Mays, four miles below Edgefield Court House, on the Stage road leading to Augusta. A ample preparation for care and attention to mares will be made. They will be pastured and fed on grain, (if required,) at twenty-five cents per day. Accidents, escapes, sickness, &c. at the risk of the owners, although every attention will be paid to prevent them.

**DESCRIPTION.**  
NULLIFIER, is a beautiful Bay, handsomely marked with a delightful coat of hair, which shows his superior stock. His appearance is commanding—he is of the greatest power, substantially and strength. He will be eight years old this spring—is full 16 hands high having superior size, large bones, and is as well muscled as any other horse, in this or any country, and has as much durability.

N. B.—Any person who will make up a company of five mares, and become responsible for the payment will have the privilege of putting them at twenty-five dollars the Season.

The Season will commence the fifteenth of February, and end on the tenth of June. Fifty cents to the groom in every instance.

**Performance of Nullifier's Colts.**  
NULLIFIER'S COLTS are now running as well as any colts in this country.

On the Norfolk course, Spring term 1837, Jau Rowlett by Nullifier, three years old, beat the Sweepstake race, mile heats winning the first and second heat. Time 1 min 52 sec.—1 min. 50 sec. See Turf Reg. July, 1837 p. 476.

On the Broad Rock Course (Va) Fall meeting, W. R. Johnson's b. f. by Nullifier, three years old, run a Sweepstake, two mile heats, for which four other colts of the best stock, were entered. This race was lost by Nullifier's colt, but she was second best, and contested the race most gallantly. The last heat is pronounced "very interesting and the best heat during the week. See T. Reg. Nov. 1837 p. 559.

On the Union (L. I) course, Fall meeting Antoinette by Nullifier, won the Sweepstakes for three year olds, two mile heats, winning the two first heats. See Am T. Reg. Nov. 1837 p. 569.

**Colic Mixture.**  
THE above is a never failing remedy for that variety of colic, so distressing to Infants, and for which the most injurious anodyne substances are too commonly given. It is safe and soothing, and instead of producing costiveness, it usually operates gently on the bowels.

This remedy has now been used for several years, with that success and approbation, which quick medicines made to sell, cannot command. It is extensively used by the best physicians in the country, and to use the language of many a mother, acts as a charm. While it allays the pain and lulls the child to rest, it does not leave behind it those unpleasant symptoms, which Laudanum, Bateman's Drops, &c. generally produce. Ample directions accompany each vial, and certificates of its efficacy (if required) can be procured from the most respectable citizens of Carolina and Georgia. For sale by

**The Lowndesville Academy.**  
WAS opened on the first Monday of the present month, under the superintendence of Mr. JOHN N. YOUNG, where Pupils will be instructed in the Greek and Roman Languages and all the branches of English literature, usually taught in Academies.

Mr. Young is a graduate of Oxford College, Ohio, though a native of this District. The Trustees of the Institution feel themselves fully authorized to recommend him, as being well qualified to discharge the duties in which he has engaged. He has not been long enough from College to become rusty in the Languages and part of that time he has been employed in teaching, and has given full satisfaction as to his qualifications. The Trustees also have the satisfaction to announce to the public, that they have engaged Mr. ABRAHAM CUNNINGHAM to teach the lower branches, and can with propriety recommend him as a first rate English Teacher, having tried him two years previously.

The general supervision of the School will devolve upon the principal Teacher, Mr. Young, who, together with the Trustees, will use every exertion to manage the School with that kind of method and discipline which will afford to the Students both moral and intellectual advantages.

Lowndesville is situated 18 miles west of Abbeville village, and near the Double bridges on Rocky River, on a high, dry and sandy ridge, with good water and is perfectly healthy. There being no stagnant waters, or sluggish streams for some miles distant, it is therefore out of the reach of the noxious effluvia which is so destructive to health in many other places. Two of the Trustees have practiced physic for many years in the neighborhood, and can speak knowingly of the superior healthfulness of the place. Lowndesville is moreover situated about five miles distant from several valuable mineral springs, which have recently been purchased by a company who expect to have preparations in readiness for the reception of visitors the ensuing summer; which will afford a valuable retreat for a few weeks, to any whose constitutions may require it. Good boarding can be had in the village and in neighborhood, at quite convenient distances, on reasonable terms.

**Public Notice.**  
THE Male and Female Schools at Greenwood will be continued the ensuing year, (1838,) under the care of their present Superintendents, Mr. James Leidy and Miss Rebecca Chapman, both of whom have been engaged with the express provision, that each of their Schools should be limited to a certain number. Mr. Leidy's School will be confined exclusively to Classical studies, and a separate building provided for the English department, which will also be limited, and under the same regulations. Mr. William C. Morgan, late a graduate of Four College, will take charge of the English School. No Student need apply for admission into any of the Schools unless they are recommended by a good moral character, and if coming from other schools, a certificate will be required, if not personally known by the Teacher or some of the Trustees. The Musical department, in the Female School, will be continued under the care of Miss E. H. Anderson, of Charleston.

It is therefore to be had that on combining all the circumstances connected with these Institutions, that they will not be permitted to fall short of the number required to fill them up.

**Mount Enon Academy.**  
THE exercises of this Academy will be resumed under the direction of Mr. B. R. CAMPBELL, on the second Monday in January next. Mr. Campbell has had charge of this Institution the past year, and from the able and successful manner he has discharged his professional duties, we not only feel gratified, but bound to recommend him to the confidence of the public as an Instructor. This Academy is situated in Edgefield District, 26 miles N. E. of the Village, and is not surpassed for health by any situation in the State; and what is equally important to parents and guardians, it is entirely removed from the temptations of vice and dissipation, which too frequently destroy the youthful mind. Those who send their children or wards to this place, may rest assured that every possible care will be taken to improve their morals.

**DR. PETER'S Vegetable Anti-bilious Pills.**  
ARE the cheapest and most approved Family Medicine ever offered to the public. They are extremely mild in their operation, neither causing sickness of the stomach, nor any unpleasant sensation in the system, as is too frequently the result from medicines given to act upon the bowels. They act specifically upon the Liver, when in a torpid condition, carrying off large quantities of bile, through the influence of the excrement function, which if suffered to remain in the system, would produce either Jaundice, Liver Complaint, Bilious Fever, Fever and Ague, or some other grievous and deadly affliction. In all cases of torpor of the bowels, they act like a charm. In recent cases of Dyspepsia, they are a certain cure. Many persons who were subject to violent attacks of sick headache, have been much benefited and several perfectly cured in a few weeks, by the use of these pills. Females, in the most delicate situation, can use them without incurring any risk. Persons going to sea, or to a Southern climate, should by all means take some of these pills with them. Their virtues will remain unimpaired for years in any climate. No family should be without these pills: a portion of them, taken occasionally, would be the means of preventing much suffering from sickness. It is from neglect of keeping up a regular peristaltic action of the bowels, thus suffering to be absorbed and mingled with the blood, unassimilated fluids, that most diseases are produced.

Dr. P. feels confident that no person who gives these pills a fair trial, will ever after feel willing to be without them. The testimony of thousands speaking in the highest terms of the efficacy of these pills might be added, but the very high reputation Dr P. has acquired as the inventor of the "Patent Vegetable Medicine Stomachicæ Hepaticæ," for the cure of Dyspepsia or Liver complaints is thought a sufficient guarantee to those wishing to make trial of their virtues. They contain not a particle of Mercury, or any ingredient that does not act in harmony with health, and oppose disease. Each box containing 10 Pills. Price 50 cents. For sale by E. J. MIMS.
